

A photograph of an elderly couple is the background for the top half of the page. The woman on the left has short, wavy white hair and is wearing a colorful floral patterned top. The man on the right is wearing a white hat with a black and white patterned band, a red and white checkered shirt, and a white cardigan. He is holding a black walking stick. They are both smiling and looking towards the camera. The background is a blurred green outdoor setting.

**We are starting to contact eligible patients to book their
Spring COVID-19 Vaccination**

Who should have the COVID-19 vaccine

You may be offered a COVID-19 vaccine in spring if you:

- are aged 75 or over
- are aged 6 months to 74 years and have a weakened immune system because of a health condition or treatment
- live in a care home for older adults
